Dear Mr. Katz:

Decision: 2008- 956

This is in reference to the **Pro-On-The-Go** device, received on September 8, 2008, which you submitted for an official ruling. This is a recording device incorporating pre-recorded swing prompts for common golf shots. The device also has the capability of permitting the player to record customized swing thoughts.

Please be advised that the recording device, as submitted, has been evaluated and it has been determined that it conforms to the Rules of Golf. However, as previously discussed, a player is not permitted to record and play back a swing thought message during the same round.

This ruling applies only to the sample submitted and any item manufactured identical to it. This ruling does not apply if there is any change in the design, manufacture, material or construction of this device. If a device of similar design, with identical markings is acquired from any source and found to fail USGA standards, then the conformance status of the sample will be reviewed.

In advertisements of the **Pro-On-The-Go** device, you are authorized to make the statement: "**Permitted under the Rules of Golf**" or "**Allowable under the Rules of Golf.**" Use of the USGA seal or logo and or/statements such as "USGA Approved" or "USGA Tested" is prohibited.

We are retaining the sample as a record of this decision. The USGA reserves the right to change the Rules and interpretations regulating equipment at any time.

Sincerely,

A handwritten signature in purple ink that reads "Dick Rugge".
